Below is a Grant acceptance letter for the funds to paint the exterior of 723 James Street. It is through the Reisman Foundation.

The Green Grant I was remembering during the property committee meeting was from a different project, when we fully painted the inside of the shelter and had the sinks in all of the bedrooms removed to add more shelving in June of 2022.

I'm not sure if the funds we received this previous year was this 20k from the Reisman Foundation, if it was Dana might know where the application itself is stored, we can call and confirm if the funds need to be spent on the project within 2023 or not.

I am not sure when the funds will arrive...I am thinking this year. I need to go in and accept the grant. Yes, there will be a reporting requirement.

Nice.. .. Will the funds come in this year or in 2023?
Is there a reporting required for this grant once the project is completed?

Hi,

We received the \$20,000 grant from the Reisman Foundation towards the painting of the James St building. It will be for 2023. I will send more details.

I also updated Green Foundation and Broadview Credit Union – the other two orgs we asked to support this project - on this status since I had listed Reisman as pending. I might be too late, but thought it was worth trying in case it makes a difference.
